Reply to Office Action dated 4/12/2007

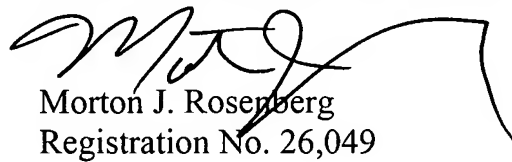

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 12 April 2007. In the Official Action, the Examiner has found three inventions, namely, Group I directed to Claims 1-4 drawn to a keyboard with extension keys; Group II directed to Claims 5-9 drawn to a method of using a computer program to program a keyboard; and Group III directed to Claims 10-15 drawn to a method of manually programming a keyboard. The Examiner has required that Applicant choose one Group for further prosecution in this case.

By this Amendment and Response, Applicant elects Group II directed to Claims 5-9. Claims 1-4 have been canceled and Claims 10-15 have been withdrawn.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
